Poladpur, Dated 7th January 2023 Shivai Shikshan Prasarak Mandal, Mahad Sanchalit Poladpur, Department of Economics, Sundarrao More College of Arts, Commerce and Science recently successfully organized an International Multidisciplinary Virtual Conference. At the beginning of the opening ceremony of this international virtual conference organized by the Department of Economics on sustainable and innovative approaches and methods in science, technology, management humanities and higher education, the convenor of the conference, Dr. Nathiram Rathod, and the vice-principal Prof. Sunil Balkhande welcomed everyone and explained the objectives held in the organization of the conference. Explained. Dr. Deepak Raverkar, the Principal of the college, in his introductory speech, expressed the hope that future researchers, teachers and students will get better guidance from the brainstorming held in the virtual conference organized on sustainable development to celebrate the silver jubilee year of the college. Thank you.

The Chief Guest and Pro-Vice Chancellor of Mumbai University Dr. Ajay Bhamre, as well as the President of the Institute Adv. Santosh Kale specially congratulated the college for organizing the conference through an auspicious message. Adv Vinod Deshmukh, Vice President of Shivai Education Broadcasting Board expressed his opinion that an important step forward has been taken to create international recognition of the college by organizing the international virtual conference and wished the teachers and research students participating in the conference.

For this conference, researchers and scientists from different countries of the world such as Germany, Australia, Kenya, Nairobi were present as chief guides in virtual

mode. As the chief guest of the conference, Dr. Suhas Wani, an agronomist of international repute and former director of International Agricultural Research Institute, ICRISAT, Hyderabad, discussed the role of the agriculture sector in sustainable development and future changes in the agriculture sector through the use of technology. He expressed the opinion that it could happen.

Dr. Nalini Patil, principal of SNTD College of Education, Pune, who appeared as an instrumental person in the conference, presented through a PowerPoint presentation about the dire effects of climate change on future generations due to increasing urbanization, industrialization and the resulting pollution. Expressed the need to take initiative to resolve.

In this virtual conference, Prof. Dr. Avdhesh Kumar Gupta, Head of Artificial Intelligence and Machine Learning Department of Karnavati University, Gujarat explained the concepts of AI, ML and Deep Learning and guided the changes that will happen in various fields through Artificial Intelligence in the future. In the virtual conference, Dr. Theib Ovis, Dr. Gangarao VPR Nadigatla, Dr. RCN Rachaputi, Dr. Raghu Chaliganti, international researchers and scientists guided the attendees in detail through their presentations on the topics of agriculture, water management, cropping systems and various effects of climate change. All these experts guided the audience about the importance of the agriculture sector for sustainable development and the scientific study of cropping systems, seed production, water management and management of all these aspects with the help of technology to improve the agriculture sector. In this virtual conference, 25 researchers and students presented research papers related to various fields like science, humanities, commerce, management etc. 75 research papers have been received for the conference and soon all these papers will be published by international research journals. Dr. Shivaji Takalkar from Narayangaon, Pune and Dr. Sachin Bhosle, Head of Computer Department, ICS College, Khed-Ratnagiri acted as the Chairman of the thesis reading session in the conference, while Dr. VS Adigal, Principal of Viva College, Virar, was the chief guest for the concluding session of the conference. Special congratulations to the Department for organizing the International Virtual Conference for the first time. On behalf of the participating teachers and researchers, Dr. Chandrasekhar Salunkhe and Mr. Abhijit Mohite thanked the organizing college for the well-planned organization of the conference. For the online conference, Dr. Mangesh Gore, Prof. Snehal Kamble anchored the programme. Dr. Ram Barkule, Dr. Mahesh Valle and Dr. Shailesh Jadhav contributed as technical assistant. All the teachers, office staff of the college worked hard for the successful organization of the virtual conference. College students also benefited from this virtual conference.
